**SHARE YOUR HEALTH**  
As coronavirus concerns intensify, we need healthy blood donors more than ever.

**Is it safe to give right now?**  
Donating is a safe process and healthy individuals should schedule a blood or platelet donation to help maintain the nation's blood supply.

**Safety at Blood Drives**  
Red Cross employees implemented added precautions to ensure blood drives and donation centers are safe for donors and staff.

- Using Sterile Collection Sets
- Spacing Beds 6 Feet Apart Where Possible
- Having Hand Sanitizer Available
- Using Aseptic Scrubs on Arms
- Donor and Staff Temperature Checks Before Entering Drives
- Wiping Down Donor-Touched Areas

**What if a donor becomes sick after donating?**  
We provide a call back number donors should call if they become sick with any illnesses days after their donation.

**If you're healthy and well, we're urging you to make a blood appointment.**
